Question as to Swan Bequest to Princeton. TRENTON, N. J., July 26.-When Mrs. Josephine A. Thompson Swan died at Princeton four years ago she left the KELVIN SCHOOL, 331 West 70th St. Princeton four years ago she left the residue of her estate to Princeton University for the erection and maintenance of a graduate college to be "erected on the grounds of said university". The bequest now amounts to about \$320,000. A question has arisen as to the rights of the trustees to erect the building on ground that has been acquired by the university since the will was drawn. In order to have the question legally settled the Chancery Court has been asked to interpret the will.

thing imacinable and had one doctor's bill after another but nothing cured it. Then the exerns broke out so badly behind her ear that I really thought her ear would come off. For months I doctored it but to no avail. Then it began at her nose and her eyes were nothing but sores. I had to keep her in a dark room for two weeks. The doctor did no good, so I stopped him coming.

"For about two weeks I had used Cuticura Soap for her every day, then I got a box of Cuticura Ointment and began to use that. In a week there was a marked improvement. In all I used two cakes of Cuticura Soap and one box of Cuticura Ointment and my baby was cured of the sores. This was last November: now her hair is growing out nicely and she has not a scar on her. I can not praise Cuticura enough, I can take my child anywhere and people are amazed to see her without a sore. From the time she was four weeks old until she was three years, she was never without the terrible eruption but now, thanks to Cuticura, I have a well-child. Mrs. H E.
